P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This responds to the Election of Species Requirement, dated ***March 23, 2009***. The Examiner has identified the application as containing claims directed to more than one distinct species. The species have been divided into two Groups without explanation. A number of the “species” identified by the Examiner are merely explanatory diagrams. The Examiner has required the Applicant to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted. The Examiner believes there are no generic claims.

In response to the Examiner’s requirement, Applicant elects Group I, Species I (Figs. 1-9) for examination, with traverse. Claims 25-31 are readable upon this species or are linked by the same inventive concept.
